

## Golf

It is now the only golf course in Cuba with the exception of "Diplo Golf" (9 holes) where Che taught Fidel the secrets of the "green": it was another time. International contests are regularly organized in Varadero (contact us) that welcomes all those players that want to continue training during their vacation. Between the sea and the sea, the site is exotic and well-maintained. All level-courses are organized. It is a good sport or initiation complement in this legendary seaside resort.

18 holes Par 72. Surface: 63 hectares, designed by Less Forber from GSA. Natural obstacles (hills, winds) and artificial (seawater lake, water stock (15,000 m<sup>3</sup>, bunkers filled with sand), everything surrounded by the tropical vegetation.
